Dear Madam:

I am sending you herewith an acknowledgment of the gift of the silver and bronze medal of Peter Cooper, by Roty, which you so kindly presented to this Society, through Dr. George F. Kunz, also a copy of the resolution, adopted by the Society at its meeting on Saturday, thanking you for this gift.

It is certainly fitting that the medal commemorating the life and work of this great American should have been designed by the greatest medallist of his time, and this Society is most fortunate in being able to place, in its collection of the works of this great artist, the portrait of one who by his noble deeds has won the love of his countrymen.

Very respectfully,

Director
